Behind the Scenes with Faith Hale

- Hi, it's Faith from Creativebug, and every month we put together a promo video featuring the classes we're excited about, and this month, because it's October, they tell me they made a scary movie with the projects sprinkled throughout. I haven't seen it yet, so I'm gonna watch it and see if I can pick out the projects. Featuring actual staff. Yep, that's the office. Oh my God. Oh, that is Big Stitch Hand Quilting with Tara Faughnan, I coached that shoot. It's a really pretty technique. - Courtney? (laughs) (screams) - Oh, that is Deb Kreiling's Sew a Winter Coat with Simplicity. - [Woman In Video] Very funny. - Oh, the lettering is Pam Garrison's Daily Lettering Challenge. Halloween Decor taught by Courtney, yes! Oh, that was fast. Digitizing Sketches with Cecelia Murphy. Okay, so that curtain is from Courtney's Cricut class. I'm good. (spooky chord) (laughs) They're so scary here, but they're so cute in real life. Crocheted Sloth, by Twinkie, and Knit Fox by Megan Kreiner. ^Oh, Sew a Pendleton Clutch with Fancy Tiger. (screams) - What? (laughs) It's just Charlie. - It is so silly. That is Halloween Costumes, Courtney's wearing a beard. And, Pumpkin Carving with Courtney. - Can I grab a cookie? (spooky chord) (gasps) - Of course, yeah. - And, sugar cookies with Wilton. (laughing) And of course it ends with Courtney's infamous laugh. I love how this video is full of projects you can make using tutorials from our site. For the full video, check out Creativebug.com or our Facebook page. And don't get too scared, and Happy Halloween. (spooky chord) (laughs) So scary!
