

How to Fold a Paper Box *with* Liana Allday

Create custom-sized boxes using decorative paper with Liana from Creativebug. These pretty paper boxes have their roots in origami, coming together with a series of simple folds. You'll learn how to make box tops with matching bottoms, which make cute gift containers for any occasion.

How to Fold a Paper Box *with* Liana Allday

SUGGESTED BOX SIZES

- For a 3" square box, use two sheets of paper: 8" square and 8 1/2" square
- For a 4" square box, use two sheets of paper: 13" square and 13 1/2" square
- For a 7" square box, use two sheets of paper: 28" square and 28 1/2" square

You will Learn:

- How to fold and crease paper with a bone folder
- How to make boxes in custom sizes

Tools & Materials:

- High quality giftwrap or mid-weight decorative paper (Liana uses one 19" x 27" sheet to make a 5" box)
- Clear gridded ruler
- Rotary cutter
- Bone folder
- Glue stick or washi tape (optional)
